

CONFERENCE ROOM

CONCEPT:

CONTEMPORARY STYLE

A simple mixed usage of a black marble, exposed concrete work along with gold plating completes the room.

The lighting complements the gold plating to give a rich look.

MATERIALS:-

FLOORING: SHINING SILVER PAINT

WALLS: BRICK WALL, WITH WHITE PAINT, MARBLE FINISH AND EXPOSED CONCRETE WALL PANNELS AND GLASS WALL

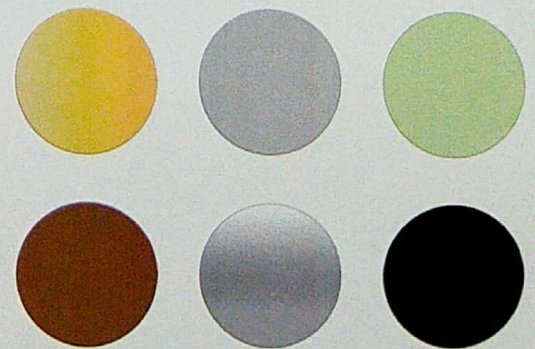

CEILING: EXPOSED CONCRETE CEILLING

DOORS: GLASS DOOR

CONFERENCE TABLE: WOODEN TABLE

WITH WHITE AND BROWN PLYWOOD FINISH

LIGHTINGS: HANGGING TUBE LIGHTS, FLOOR LAMP

INTERIOR DESIGN - CONFERENCE ROOM

Colour Palette

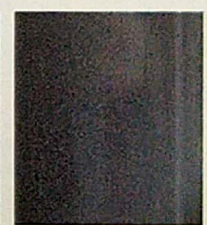

Shades of grey to give a subtle look.

These lighter shades will bring in more light to the office space than making it dark.

Playing with different colours of grey and control intensity of light reflections accordingly.

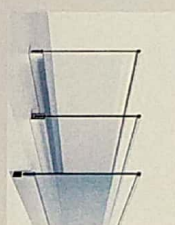

Materials

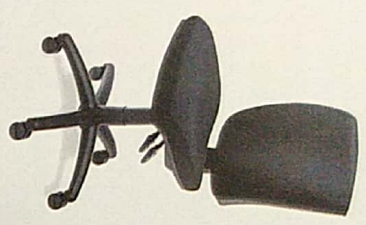

Dark grey carpet tiles.

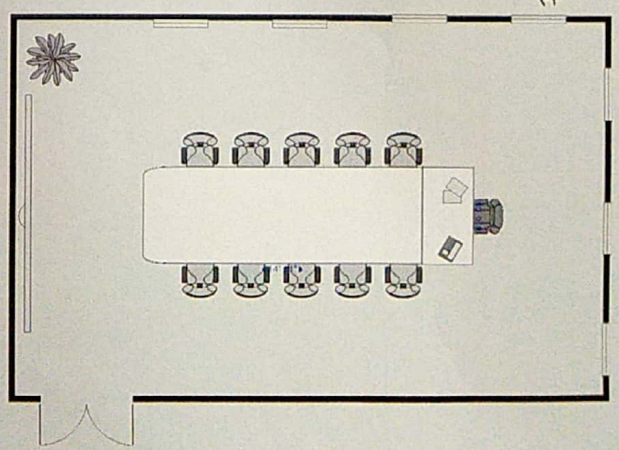

Light grey concrete painted wall.

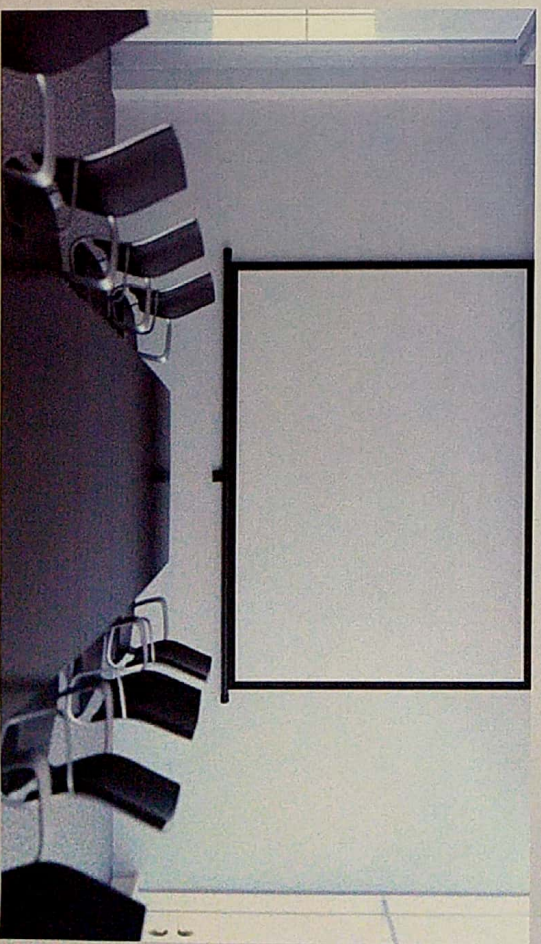

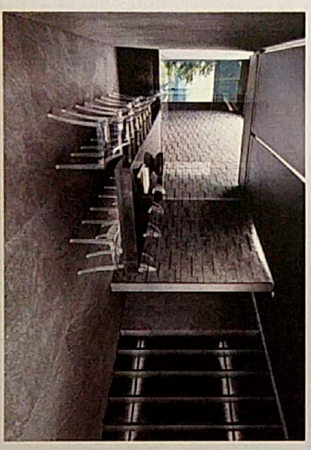

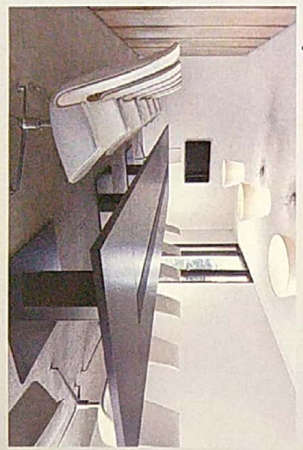

Metal glazing

Office accent chairs for best comfort. Armless chairs.

Grey themed conference rooms

Playing with different colours of grey and control intensity of light reflections accordingly.

Luxury rolling chair.

comfort office

Materials

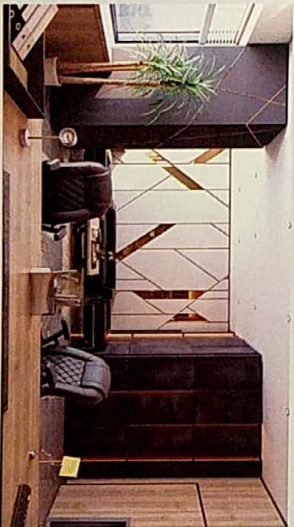

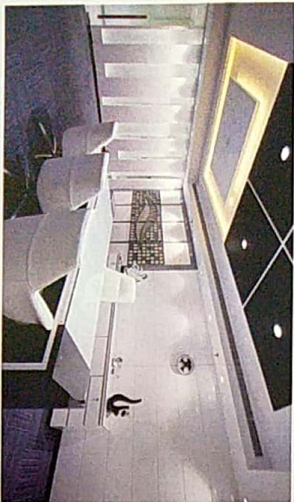

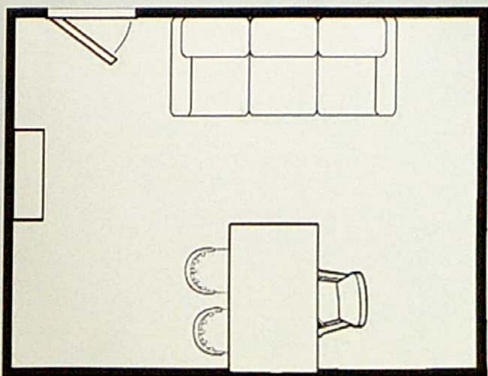

Grey porcelain tile flooring.

Wall panels that are translucent will provide privacy and adequate amount of light.

Office fixtures. Small spotlights will illuminate more.

VORONOI

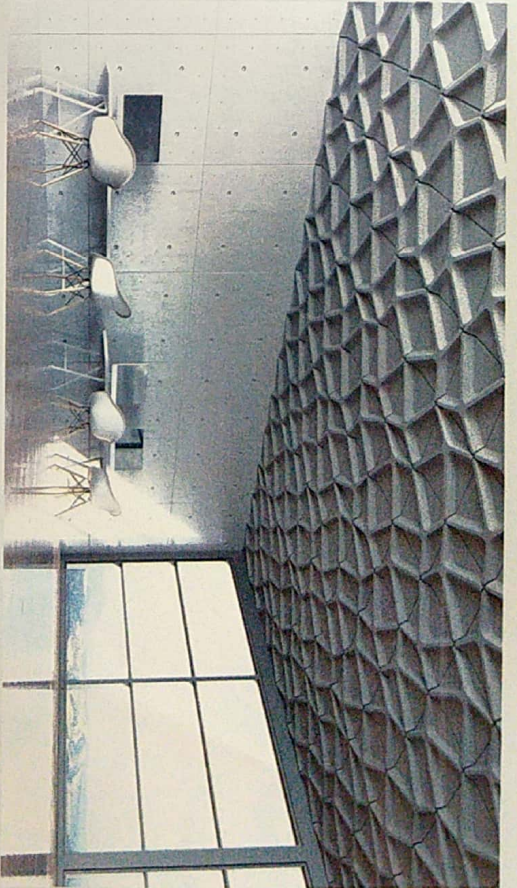

Every point within a given region is closer to the "seed" inside that region than it is to any other point outside that region. Each point along a region's edge is equidistant from the two nearest seeds.

The pattern creates dynamics in the room and making the space even more interesting. It can be infused in walls, floor patterns, ceilings and even in furnitures.

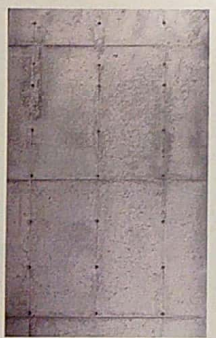

MOOD BOARD

contrast colour choice will emphasize the patterns more vividly and to the dark grey walls patterns in white texture brings out the effect more.

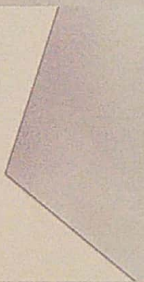

MATERIAL BOARD

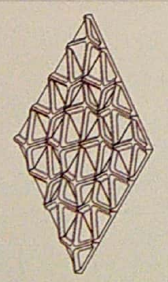

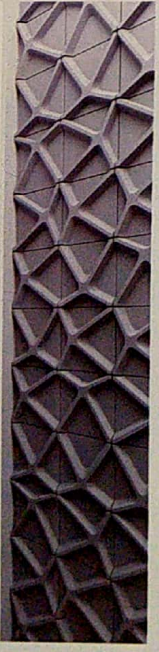

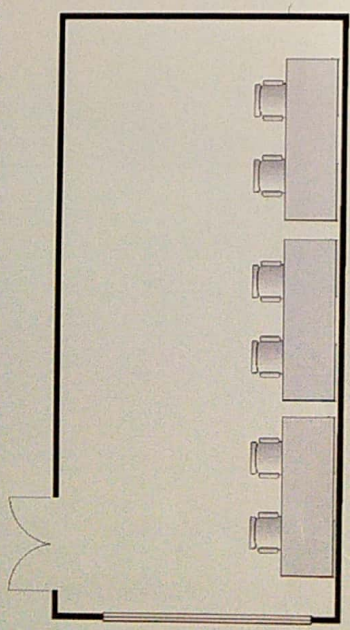

concrete wall

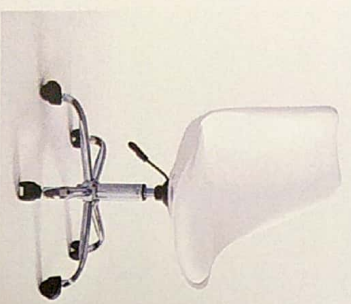

aluminium curtain wall glazing

matte flooring

Voronoi ceiling tiles is also used for acoustical purpose and also reflects light
